## RESEARCH EXPERIENCE

01/23 **University of Nottingham, UK** – *Independent Research Fellow*

My current project is a three year fellowship looking at the costs of undiagnosed ADHD and/or ASD. This economic evaluation is in collaboration with London School of Economic

05/21- 01/23 **University of Nottingham, UK** – *Research Fellow*

I was employed on an online trial evaluating a new app created to support parents of neurodiverse children while they are waiting for an assessment (NIHR funded study OPTIMA RP-PG-0618-20003). The role included literature searches, developing questionnaires, conducting surveys, recruitment , data collection, carrying out analyses and tests and drafting of reports.

10/16 – 2021 **University of Nottingham, UK** – *Research Assistant*

During the course of my PhD, I have been involved in multiple projects as a researcher assistant. These included the development Cafe connect, an interactive and engaging experience with the public to initiate new ideas for future research, including study design, data gathering and analysis, knowledge exchange and dissemination. I am also part of a Self-harm research group in the school of Psychology and have been involved in a few projects related to self-harm, currently investigating the use of a self-harm tool for individuals with autism. The latest project I have been involved conducting a scoping review assessing the factors affecting children cognitive development in sub-Saharan countries.

06/15 - 10/16 **University of Nottingham, UK** - *Research Assistant*

This MRC funded project investigated the role of the cerebellum in Dyspraxia. Experience in recruiting and testing children, analysing data and preparing reports as well as assisting with administrative tasks, supervising of students and funding applications (MRC grant proposal). Involved in many public engagement events such as Psychology Master Class, currently on the organising committee for Spring Scientist week, in charge of administration and organisation of database. Trained in administrating standardised test such as MABC test, BAS II, can also demonstrate extensive knowledge of SPSS.

07/14 - 09/14 **UROP Placement University of Reading, UK** - *Research assistant*

Over a summer placement, I have been assisting a PHD student with her research on tactile discrimination using TMS.
